The Experience with Participants Visas

ICBB is an annual conference and has been held in different countries and cities. ICBB2015 was in Singapore and ICBB2014 was in Hong Kong. Over the last 4 years, we have hosted hundreds of delegates and participants from all over the world at these combined events. We are pleased to be able to say that to the best of our knowledge all of those participants have been faithful in complying with the terms of their visas and have returned to their home countries in a timely manner after their brief stays abroad. We hope this positive track record will be a favorable factor as you adjudicate this visa application.

Thank you in advance for your prompt and favorable review of this visa application. We kindly ask the embassies and consulates to accept the signatures on this letter in conjunction with the official conference letterhead and consider this Letter of Invitation as a valid document. We respectfully request that you approve this visa application. If you require any additional information, please contact the conference secretariat at your earliest convenience.

Sincerely,
